

The area of the Republic of Turkey is 780,000 km. 3% of the area is located in Thrace on the European continent. The remaining 97% which is located on the Asian continent, is usually called Anatolia. Turkey, which resembles a rectangle, has a width of approximately 1,500km and a length of about 55km.

The population of Turkey is 68 million with almost half concentrated in the coastal regions with the interior regions less populated. It has 80 administrative provinces which are divided into seven geographical regions called, the Black Sea region, the Marmara region, the Aegean region, the Mediterranean region, Central Anatolia, the East and Southeast Anatolia regions.
